

The Collection Series by Yardistry is the first ever modular building system that makes the creation of Garden Elements, Landscape Accents, and Backyard Structures easy and affordable. With only seven components and our patented Click and Lock system creating crafted custom projects perfectly suited to your landscape and outdoor living needs is a snap. In most cases projects can be completed in less than half a day and for less than half of what a custom project would cost. Whether incorporating one of our predesigned landscape elements, or creating a masterpiece of your own, let the Yardistry Collection Series help you create the outdoor living space of your dreams.

**General Information:** Wood components are manufactured with cedar and are protected with a factory applied water-based stain. Knots, small checks or cracks, and weathering are naturally occurring and do not affect the strength of the product. Annual application of a water-based, water-repellant sealant or stain helps reduce weathering and checks.

**Warranty:** Yardistry Limited products are backed by a 5-year limited warranty from the date of original retail purchase for manufacturing defects and if installed as per manufacturer's installation instructions. # YARDISTRY COMPONENTS

Yardistry is made from exterior grade cedar (Cunninghamia Lanceolata) and is pre-finished with a water based stain in neutral grey for years of maintenance free enjoyment. Installation hardware is included with each component as required.

With just seven Yardistry components the design possibilities are endless. Select the components you need to make your dream space a reality.
